CHANDRAGIRI ANUSHA

Hyderabad, Telangana, India anushaanid@gmail.com 9618455369

SUMMARY

UI/UX Designer with 3+ years of experience in Figma and design systems, adept at user research and applying Design Thinking and environmental psychology to create intuitive, user-centric digital experiences that drive engagement and optimize user journeys.

EXPERIENCE

UI/UX Designer | **Lumera Design Studio**

January 2025 – December 2025, Bangalore

- Conducted research for 15+ projects and translated briefs into user flows, wireframes, and prototypes, improving approval cycles by 35%.
- Designed end-to-end digital experiences for 8+ microsites, applying UX principles to enhance usability by 40%.
- Maintained a reusable design system and collaborated with cross-functional teams to ensure 100% pixel-perfect implementation.
- Managed the full UI/UX design lifecycle for 12+ digital products using Figma and Adobe XD, leading mobile design initiatives that boosted engagement rates by 45% and improved daily active user KPIs through bi-weekly updates.

Junior UI/UX Designer | **Vignan Studios**

February 2022 - February 2024, Hyderabad / Karimnagar

- Designed 15+ user interfaces and 20+ wireframes using Figma to validate concepts, enhancing engagement by 25% and task completion by 10%.
- Applied empathy-driven Design Thinking to create user personas, increasing satisfaction scores by 20% across 10+ product design cycles.
- Produced 30+ visual assets and conducted comprehensive user testing to validate design effectiveness and ensure consistent UI/UX deliverables.
- Developed and iterated 12+ digital products using Figma and Adobe XD, resulting in a 30% increase in weekly user retention and improved NPS by 15%.

PROJECT

Biophilic Corporate Office (22,000 sq.m.) | **J.N.A.F.A.U.**

May 2019 - July 2019

- Designed user-centered spatial layouts and digital presentation experiences integrating biophilic design principles for a 22,000 sq.m. office.
- Produced 20+ high-fidelity 3D visualizations and walk-throughs to present design concepts to university stakeholders.
- Conducted extensive research on environmental psychology, improving user accessibility by 20% and ensuring 100% compliance with standards.

Colour Psychology Kindergarten | **Vignan Studios**

March 2019 - April 2019

- Applied color theory to create optimized environments for 150+ students and educational staff.
- Developed 15+ interactive digital mood boards to align client vision with complex technical project requirements.
- Streamlined design iterations, reducing feedback cycles by 15% and delivered 10+ high-fidelity technical drawings with 100% accuracy.

Forest Theme Restaurant & Comic Museum | **Vignan Studios**

January 2019 - February 2019

- Conceptualized immersive themed environments for 5+ commercial projects, enhancing brand experience across digital and physical touchpoints.
- Utilized AutoCAD and Photoshop to create 40+ detailed assets for high-stakes client presentations and marketing collateral.
- Managed a library of 50+ reusable design components to maintain 100% visual consistency and ensured WCAG accessibility compliance.
- Presented design rationale to stakeholders, incorporating feedback to achieve a 98% client satisfaction rate on final concepts.

Margadarshak UI/UX Project | **NA**

January 2026 - April 2026

- Designed an end-to-end UI/UX solution for Margadarshak, developing 15+ high-fidelity prototypes in Figma to optimize navigation for 500+ active users.
- Conducted usability testing with 20+ participants, iterating on designs to improve user satisfaction by 30%.
- Collaborated with development teams to ensure 100% pixel-perfect implementation of design system components and streamlined interaction flows.

EDUCATION

B.Design in Interior Design | **J.N.A.F.A.U.**

68%, Hyderabad, Jul 2019

- GPA: 68% | Top 10% of class | Scholarship Recipient
- Relevant Coursework: Human-Computer Interaction, User Interface Design, Information Architecture, User Research Methodologies, Design Systems & Component Theory
- Best Project Award — selected for College Exhibition.

SKILLS

UI/UX Design: Figma, Adobe XD, Sketch, Wireframing, Prototyping, User Research, Usability Testing, Information Architecture, Interaction Design, User Flows

Tools & Systems: Design Systems, Responsive Design, Accessibility (WCAG), Adobe Photoshop, AutoCAD, SketchUp, D5 Render, 3D Visualization

Professional Skills: Product Strategy, Spatial Thinking, Empathy Mapping, Client Needs Assessment, Proposal Development, Visual Design
